

## VIGILANCE & HULL RISK

### VIGILANCE

Contains information on LLI's unique vessel priority risk analysis. Each vessel in the LLI database has its own score based on a number of factors. The scores are re-calculated every 6 hours to represent the updates that have been applied to the database. Vigilance information is only available to Government based organisations. This table provides the overall snapshot score for ingestion within client systems. For a full breakdown of how the score is calculated, please use [www.lloydslistintelligence.com](http://www.lloydslistintelligence.com).

COLUMN NAME	COMMENTS
VESSEL ID	Primary Key. Vessel ID links to table LLI VESSELS
SCORE	Calculated score given to risk.

### HULL RISK

Contains information on LLI's unique vessel hull risk analysis. Each vessel in the LLI database has its own score based on a number of factors used by Lloyds Underwriting Groups to access premium rates. Hull risk information is only available to Insurance based organisations. This table only provides the overall score. This table provides the overall snapshot score for ingestion within client systems. For a full breakdown of how the score is calculated, please use [www.lloydslistintelligence.com](http://www.lloydslistintelligence.com).
